

# We Have Toyota Forklifts in Stock NOW!

## Take advantage of our large inventory and very short lead times

While many of our competitors are still experiencing longer than normal lead times, Toyota's lead time on new orders is as short as 8 weeks. We currently have stock available on the ground now and ready for delivery. If you need a machine quickly, we can help. Check out our inventory by clicking the button below!

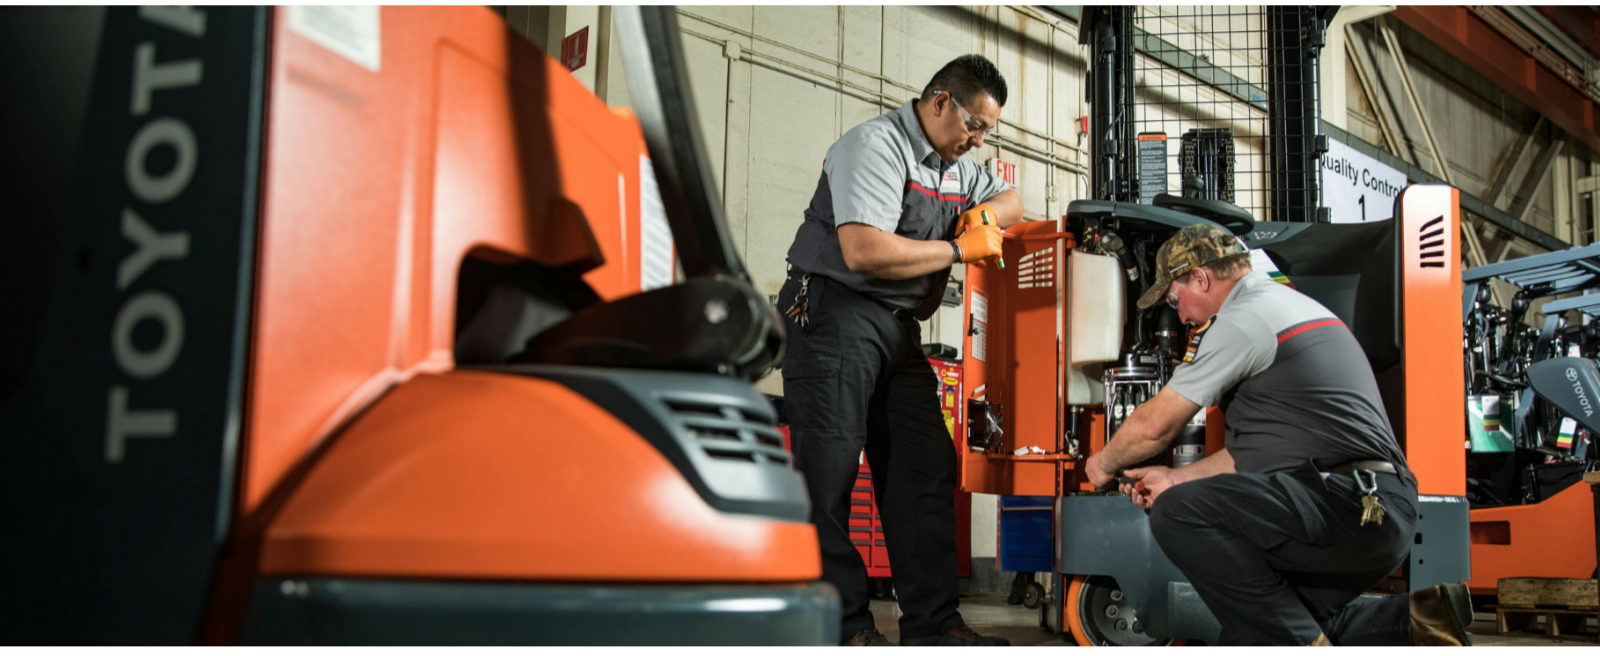

**Plus, take advantage of the Toyota Trade In and Trade Up sales event!** From now through September 30, you can receive rebates up to \$2,500 when you trade in your Toyota or select competitive branded sit down counterbalance forklifts for a new Toyota model.

**\$2,500  
Trade In  
Deal!**

## Eliminate Unexpected Downtime

### Through our planned maintenance programs

Our certified technicians complete the services you need around your schedule, and they document all the work they do on your equipment for warranty assurance.

Our preventive maintenance plans include checkups at the intervals required for optimal performance to accomplish:

- Inspections
- Minor adjustments
- Lubricant
- Oil changes
- Filters

### Best Practices

## Warehouse Efficiency Tips

### Choose your forklift before designing our facility

When it comes to warehouse efficiency and developing a successful operation, we suggest that you start with your forklift. This machine is at the heart of your material handling processes and is the backbone of your warehouse. Once you determine which new forklift is best for you, then design your facility around it.
