

Even Santa's Workshop Could Use One of These...

The Toyota 8HBW23 Electric Walkie Pallet Jack

Whether you're moving pallets of toys, building supplies, bulk food and beverages, or anything else, the 8HBW23 transports them with speed and efficiency. It's zero turn, has a max load capacity of 4,500 lb, and can travel fully loaded at 3.6 MPH. Plus, maneuver with precision on delivery tailgates and crowded docks using its Click-To-Creep function that allows extremely smooth low speed control.

The North Pole Has Elves, and You Have Us

Use winter downtime for big service jobs

If you're storing machines or not using them as much during the colder months, then it's the perfect time to schedule rebuilds and overhauls, major repairs, and similar work. Completing service jobs in the off season helps keep your downtime to a minimum during the busy months!
