Reach Peak Productivity in Your Warehouse

By adding the Toyota End-Controlled Rider pallet jack to your operation

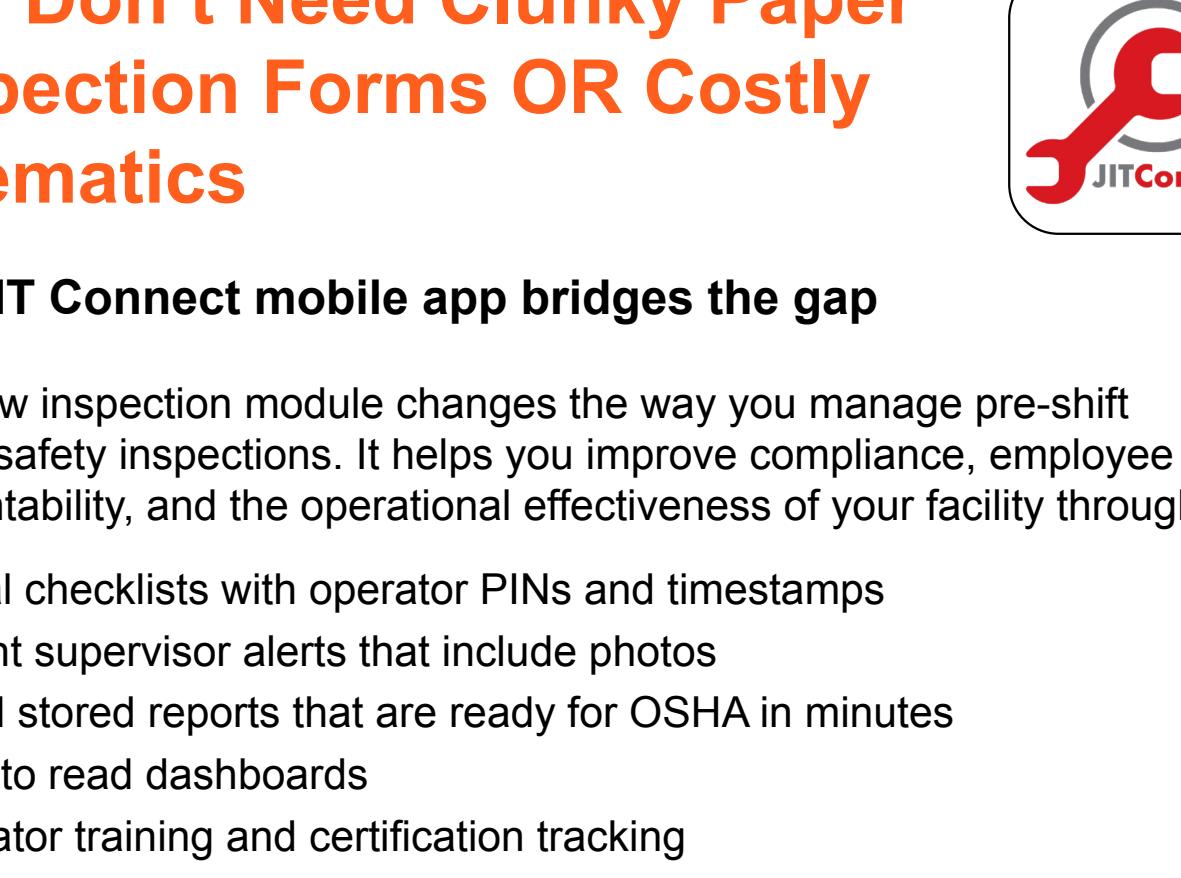

Perfect for distribution centers, warehouses, and storage facilities, the End-Controlled Rider pallet jack helps you maximize your efficiency and throughput:

- High capacity: Carry loads up to 8,000 lb
- Move fast: Reach a top speed of 6.2 MPH
- Low maintenance: Its AC drive motor has minimal components, and self-diagnostics detect issues early

Save
with
Section
179!

Purchase and place your pallet jack into service by the end of the year to reduce your 2025 tax bill through the Section 179 Expense Provision!

You Don't Need Clunky Paper Inspection Forms OR Costly Telematics

The JIT Connect mobile app bridges the gap

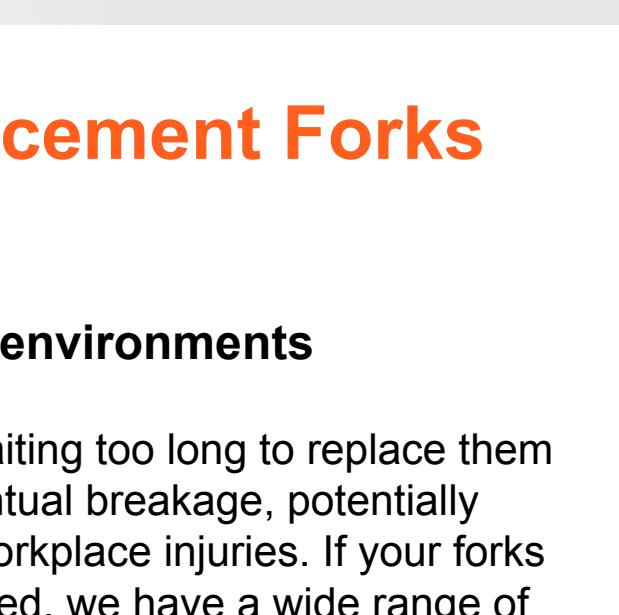

Our new inspection module changes the way you manage pre-shift forklift safety inspections. It helps you improve compliance, employee accountability, and the operational effectiveness of your facility through:

- Digital checklists with operator PINs and timestamps
- Instant supervisor alerts that include photos
- Cloud stored reports that are ready for OSHA in minutes
- Easy to read dashboards
- Operator training and certification tracking
- And more!

High Quality Replacement Forks in Stock

To avoid dangerous working environments

Forklift forks do not last forever. Waiting too long to replace them can cause bends, cracks, and eventual breakage, potentially leading to damaged product and workplace injuries. If your forks are excessively worn out or damaged, we have a wide range of replacement options available.

Talk to our team to find the best options for your forklift!
