

Give Yourself a Two for One Gift this Holiday Season

Tax savings + fuel savings with Toyota 3 wheel electric forklifts

Providing the same or better performance as gas powered models, Toyota electric forklifts are low maintenance and produce zero direct emissions, perfect for indoor operations. Plus, their 3 wheel design makes maneuvering easy in narrow 10' aisles.

- 40% Longer battery life than the competition
- 15% More energy efficient than the competition
- Max load capacities from 3,000 lb to 4,000 lb
- Top travel speeds from 9.5 MPH to 9.9 MPH

Lower Your
Taxes through
Section 179!

Buy and place your forklift into service before the end of the year to reduce your taxes through Section 179! The 2025 deduction limit is \$2,500,000 for new and used equipment purchases, so act now to save!

Exclusions apply. This information should not be considered tax advice. Consult your tax advisor or the IRS for additional information.

Simplify Daily Forklift Inspections

With the JIT Connect app

Our JIT Connect inspection tool saves you time, improves compliance, and ensures accountability for daily machine checks. It provides digital checklists, maintenance alerts, OSHA-ready reporting, and more to help you better manage your fleet and maximize performance.

It's Your Last Chance to Trade In and Trade Up!

Receive up to \$2,500 for your forklift

Toyota is offering rebates up to \$2,500 when you trade in select Toyota or competitive branded machines for a new Toyota model. Eligible equipment includes electric and internal combustion counter balanced forklifts, order pickers, and reach trucks. Act soon! This event ends on 12/31/25.

Contact our team for specific models and offer details!
